**DETAILED ACTION**

***Claim Rejections - 35 USC § 101***

1. 35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

Claims 28-33, 45-49 and 51 are rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter.

The only two independent claims, namely claims 28 and 51 recite "An article comprising a machine readable medium ... selected from the group consisting of ... a transmission from an Internet server". Since the transmission from an Internet server may be a signal, which is merely a form of energy, the claims fail to fall within any of the statutory categories of invention, note paragraphs 0034 and 0035 of the specification.

Contrary to applicants' remarks, the grouping set forth in claims 28 and 51 includes a carrier wave.

***Allowable Subject Matter***

2. Claims 1-10, 15-27 and 34-43 are allowed.

***Conclusion***

3. This is a RCE of applicant's earlier Application No. 10/612,061. All claims are drawn to the same invention claimed in the earlier application and could have been finally rejected on the grounds and art of record in the next Office action if they had been entered in the earlier

application. Accordingly, **THIS ACTION IS MADE FINAL** even though it is a first action in this case. See MPEP § 706.07(b). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no, however, event will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to DAVID H. MALZAHN whose telephone number is (571)272-3727. The examiner can normally be reached on M-Th from 7:30 to 6:00.
